

SleepWorld Products

We offer a variety of product lines at competitive prices. By buying your mattress direct, you get twice the bed at half the price!

Memory Foam

The SleepWorld Memory Foam line is a remarkable breakthrough in sleep science. Memory foam conforms to every nook and cranny of your body eliminating pressure points giving you a totally relaxing night's sleep and an elevated degree of comfort.

Innerspring Mattresses

The SleepWorld Innerspring line uses Lura-Flex, which is the best offset design spring system available. The Lura-Flex barrel designed coil strengthens as it is compressed to contour the body, which creates balanced support from head to toe.

Adjustable Beds

Our adjustable beds, produced by Leggett & Platt, offer a variety of features such as: wireless remote control, wired control, built in massage, full body roll function, and maximum elevation of head and foot to provide exceptional comfort. Adjustable beds benefit those with back and neck pain, arthritis, acid reflux, knee injuries and insomnia. Or, sometimes its just to be super comfortable, while you read, watch TV or just rest.

Our Story

The **SleepWorld Factory Showroom** has been a process in the making for over 25 years. We started in 1982 selling only national brands to Austin consumers. After 11 years of selling national brands and many requests from our customers for more customized mattress options, more support and comfort, and better prices--we began our quest to make the perfect mattress.

We added the first SleepWorld brand in 1993. By 1995, we eliminated the national brands from our showroom, and by 1997, we opened our own manufacturing plant on our premises. At last, we were providing our customers with the highest quality mattresses at much lower prices.

In 1998, we added Latex to our SleepWorld mattress line---finally the quest for the perfect mattress was more than a dream, it was a reality!

Why Purchase a Quality Mattress?

You spend more time in your bed than on any other piece of furniture in your home. In fact, you will use your mattress over 3,000 hours per year!

So, purchasing a quality mattress that provides comfort and support could be one of the most important investments you make to improve your quality of life. Here's what you should look for:

Comfort: a quality mattress/foundation set is built to provide superior comfort by using luxurious cushioning materials and extra-soft surface treatments that create a comfortable feel.

Support: Correct support is the essential ingredient for a healthy body. A quality mattress and foundation will gently support your body at all points and keep your spine in the same shape.

Durability: The quality of the materials used and how they are put together, will determine how long a mattress and foundation will provide the comfort and support you need for a superior night's sleep.

Tips on Buying a Mattress

Selection

Lie down in your sleep position

Evaluate the comfort and support

Educate yourself about each selection

Partners should shop together

Why Pay Retail When You Can Buy Direct?

When you buy your mattress direct from the manufacturer, you get twice the bed at the half the price! At SleepWorld we eliminate the middleman by manufacturing and then selling our very own quality mattresses direct from our factory showroom. When buying a mattress from SleepWorld, you can count on these things:

- Competitive prices for the highest quality mattress with superior support and comfort.
- Knowledgeable sales representatives that are extensively trained to help you find the mattress just right for you—our reps don't work on commission.
- A store you can trust; we are family owned and operated, serving Austin for 25 years.
- A warranty and guarantee on all of our products.
- A superior night's sleep that will change your life for the better!

Why Choose a SleepWorld Latex Mattress?

- A SleepWorld Latex mattress provides superior back support and outstanding pressure relief due to its resilient nature and conformability properties.
- A SleepWorld Latex mattress provides each sleeper with total support and an individualized sleeping surface making it highly unlikely that your partner's movements will disturb you.
- A SleepWorld Latex mattress provides latex edge to edge and head to foot; it's not mixed with polyurethane like most national brands.
- A SleepWorld Latex mattress is naturally hypoallergenic so it reduces allergy triggers such as dust mites, mold fungus, and mildew. This will result in a healthier nights' sleep.
